

# SUNBLOCKS

CONCRETE STRUCTURES FOR PHOTOVOLTAIC PANELS

## FB Rubber plate

DIMENSIONS  
**200 X 250 mm**

THICKNESS  
**3 mm**

COLOUR  
**BLACK**

### DESCRIPTION

Highly durable rubber mat designed for photovoltaic panel mounting systems on flat roofs. It serves as a protective layer between the structure and the roof covering.

### FEATURES

Waterproofing protection  
High resistance  
Anti-slip effect  
Vibration isolation
